FRANCE REFUSES TO QUIT RACE

Resolutions Passed Asking Senator to Call in His Forces

BALTIMORE, July 15.—Chief interest in republican circles this week centered on the meeting called by Col. D. John Markey of Frederick county at Braddock Heights, Md., Wednesday.

The meeting adopted resolutions calling upon Senator Joseph Irvin France to withdraw as a candidate for re-nomination and authorized Col. Markey, who had been made chairman of the meeting, to call in his forces.

While there was no discussion of candidates at the conference, it was whispered privately that the consensus of opinion of the delegates was that John W. Garrett in the main most favored for the nomination.

To Senator France there were two general objections:

First, alleged repudiation of republican principles; improper and unrepresentative opposition to the arms conference treaties and association with and encouragement of extremist radicals.

Second, alleged statements by Senator France, accepted by the conference as facts, that he would spend \$100,000 in the primary contest and as much again in the general election—these alleged statements being treated as threats of debauchery of the electorate.

Western Opposition.

While a number of O. P. leaders of Frederick and other western Maryland counties attended the conference, leaders of other sections, including Baltimore, were not in attendance.

Later Senator France said:

"I was convinced that the great majority of the republicans and, in fact, the great majority of the people of Maryland stood for the principles of Americanism for which I stand and which I have made the issue in this campaign. The meeting at Braddock Heights adds to my conviction and I am stronger than ever in my conclusions."

"The meeting was called after a vigorous campaign of misrepresentation and insinuations of my work and record, and that they were able to get only 140 men and women to attend was surprising and pleasing to me. I had thought there might have been 1,000 persons in Maryland who would not approve my campaign platform, and I have no doubt that some of the men and women attending the conference were misled."

"Of course, there is nothing to the statement that I had said I would put \$100,000 into the campaign. I never said that and never thought of it. The conference has affected my determination to run, and I am convinced more than ever that I will be re-elected to the senate."

The democratic party is destined to go through a fight between the Ritchie and Smith factions for party control. This is the opinion of men in touch with party affairs, following Governor Ritchie's action in dismissing Dr. J. Hubert Wade from his position as member and treasurer of the state board of prison control.

That Hugh A. McMullen of Frederick county is the choice of the Smith faction, with former Representative Charles P. Coady held in the background, is a pretty well known fact among politicians, but unless Ritchie gets behind McMullen the outlook is not very encouraging for the Frederick county man. While former Representative David J. Lewis, also of Frederick, says that he is in the race to stay, irrespective of who enters the field, it is whispered that he can be made to withdraw in favor of McMullen when the proper time arrives and sufficient pressure is brought to bear. State Senator Norris, the only other candidate, is looked upon as having the endorsement of Governor Ritchie and has announced that he is in the fight to a finish.

Unless some compromise candidate is brought forward it looks as if the democratic party is destined to go through one of the most bitter contests in the history of the state.

The Mexican government has decided to spend about \$3,000,000 on an irrigation project to develop several million acres of arid land in Chihuahua, Durango and Coahuila.
